# Wintry Station

Let your friends decide for you!

You're trying to get accepted into the secret service of a northern country? This training camp requires shrewdness, reflection and participation.

Under the orders of Commander Boris Térique, you and your team will have to escape from prison, avoid getting lost in a labyrinth, do target practice, decipher maps written in a foreign language and prove that the Wintry Station mechanic is the best in the world.

Good luck!

# Lumberjack Academy

Try the techniques of your ancestors!

Grab your axes, ready, set, go! Will you be able to pass all the tests with flying colours to graduate?

At the academy, knowing how to handle a two-man saw, stack wood and build a log shelter are just a few of the skills you'll need. Already a lumberjack at heart?

You'll certainly need your teammates to beat the clock. But don't put all your energy into working. You'll need to save a little to write a letter to your sweetheart!

# Race Cars

Details make all the difference!

Each team will receive the same parts and will only have a few minutes to assemble a self-propelled race car! You have to figure out the theory of operation and establish an assembly strategy. Several models are possible depending on the parts and tools that you decide to use, and those you succeed in winning during the races.

After the car is assembled, to get your team in a position to win the final race, you can make the necessary adjustments during a period of non-directed trails.

This one-hour game, combining manual skills and strategy, takes place in your meeting room. It's a great happy hour formula and the perfect way to end a meeting on a high note.
