CANCELLING A STAY

No refunds will be granted, but we accept replacements at any time. Sépaq Anticosti cannot be held liable in the event of *force majeure* (sickness, flight delays, disasters, death of a close relative), **including flight delays caused by poor weather** or other conditions beyond its control.

Sépaq Anticosti therefore strongly recommends that you purchase cancellation insurance before your stay begins.

IF YOU HAVE A NON-GUIDED PACKAGE THAT INCLUDES A VEHICLE

Before you leave, ask your insurance broker for a copy of your Q.E.F. No. 27, covering a vehicle valued at \$45,000. Each driver must provide a **photocopy** of this proof of insurance upon arrival.

WHEN YOU ARRIVE ON ANTICOSTI ISLAND

If you have purchased a non-guided package, go to our counter at the airport on arrival. Our agent will give you more information about your stay, along with the keys to your truck. Expect a short waiting period before receiving your vehicle.

IMPORTANT NOTE REGARDING BAGGAGE

Maximum 34 kg (75 lb) + 2 boxed deer

Any ammunition, knives, or alcohol in your carry-on luggage is prohibited. Non-rigid carry-on bags are preferred for checked baggage. No bins or coolers over 16 inches (41 cm) wide x 26 inches (66 cm) long will be accepted.

All firearms must be unloaded when stored, secured with a trigger lock and transported in a locked container (mandatory).

Please note that no surplus baggage will be accepted.

Go to our reception office to:

- Present your duly completed stay form.
- **Purchase your hunting licence specific to Anticosti Island** (have your hunter's certificate handy).
- Hand in your completed hunting group form.

YOUR ACCOMMODATION

American Plan

The American Plan includes everything you need for a comfortable stay. You're sure to love the delicious meals served in the dining room! You get to focus on enjoying your favorite sport without having to worry about daily tasks. Bedding is included, so all you need to bring are your personal effects.

European Plan

Your lodgings feature simple yet functional furnishings for a comfortable and enjoyable stay: clean and fully equipped cabins or rustic camps with comfortable single beds and a good heating system.

For meal preparation, you'll find a propane stove with oven, as well as a fridge, cookware, and a percolator-type coffee maker. Since the water is not safe for drinking, you must purchase bottled water before arriving at the cabin (no running water in rustic cabins).

Dishes, cookware, utensils, and all utility products (cleaning products, toilet paper, garbage bags, broom, mop) are included. However, don't forget to bring your sleeping bag, pillowcase, and towels.

Do your grocery shopping in Port-Menier

The Port-Menier grocery store offers a surprising variety of foods: fruits, vegetables, cheeses, meats, baked goods, prepared meals, etc. For a small deposit, the store can lend you a cooler to transport your purchases.

YOUR RETURN TRIP

Make sure to leave your accommodation site in time to arrive at the airport at least one and a half hours before your flight. When you arrive at Port-Menier, go directly to the airport with your baggage to have it weighed. You are entitled to 34 kg (75 lb) of baggage, including firearms and two boxes for the deer. **No surplus baggage will be accepted.** Before boarding the plane, drop by to see our agent and take advantage of your booking priority to reserve your trip for next year (random draw sectors not included).

BRINGING YOUR TROPHIES HOME

Waxed boxes that are 64 cm (25 1/5 in.) long, 33.5 cm (13 1/4 in.) wide and 32 cm (12 1/2 in.) high can hold one deer each. Trophy lovers can also take home antlers, or even the head.

Non-residents

It is your responsibility to verify the procedures for importing game to your country of origin.

IN NATURE, MY SAFETY IS MY RESPONSIBILITY

Outdoor activities can involve certain risks. You must ensure that you have the skills and abilities required to undertake the activity in question. It is important to be aware of the risks inherent to this activity, respect your abilities, and have the appropriate equipment. For more information, we invite you to visit our website at sepaq.com/security. Moreover, while not considered unduly dangerous, activities undertaken in remote natural environments necessarily present greater risks on Anticosti Island due to its distance from health services.
